

JÜRGEN KURTHS studied mathematics at the University of Rostock. He received the Ph.D. degree from the GDR Academy of Sciences, in 1983. He was a Full Professor with the University of Potsdam, from 1994 to 2008. He has been a Professor of nonlinear dynamics at the Humboldt University, Berlin, and the Chair of the Research Domain Complexity Science of the Potsdam Institute for Climate Impact Research, since 2008. He has published more than 600 articles that are cited more than 45,000 times (H-factor: 98). His primary research interests include synchronization, complex networks, and time series analysis and their applications in Earth Sciences, Physiology, infrastructure and others. He is a Fellow of the American Physical Society. He became a member of the Academia Europaea, in 2010. He received the Alexander von Humboldt Research Award from CSIR, India, in 2005, and the Richardson award from the European Geoscience Union in 2013. He got eight Honory Doctorates and Honorary Professors. He is Editor-in-chief of the *Journal of Nonlinear Science*, and *Chaos* and editor of about 10 further journals, such as *Europ. Physics Lett.*
